

# NOVEMBER NEWSLETTER

## FIELD TRIP INFORMATION

Friday, November 5 all the 4<sup>th</sup> grade classes will be going to the Native American Museum in Salamanca, NY. There we will learn about the rich culture of the Native American

peoples, tour a real longhouse, and hear stories of the land.

We want everyone to enjoy this learning experience, however, if work is incomplete, or behavior is an issue your child will be asked to stay at school for that day. Please be advised that we keep track of behavior and assignments both in school and on their bus ride home. Any issues may result in your child staying behind.

### DID YOU KNOW?

During the month of November we will of course be studying Native American History. There will be many research based projects, and hand on activities to go along with our learning. Please be sure to ask your child about all the interesting things we will be doing and seeing through the month. This unit is always a HUGE hit with your kids.

## LET'S TALK

It is hard to believe that Trimester 1 is almost coming to an end. Parent conferences are scheduled for Friday,

December 10. You will be receiving information on the times available from each of us. Please know that we are all very flexible on the times and if Friday doesn't work we can

do it another time afterschool before than or phone conferences are available.

Conferences are a great time to discuss your child's growth, success, and any concerns that we the teachers, or you the parent may have. PLEASE, COME AND MEET WITH US! It will only take 10-15 minutes of your time.
