1. **flippers**– fins used like hand or feet
2. **hatch**– break out of an egg
3. **miserable**– very unhappy
4. **slippery**– not sticky, sliding
5. **waddled**– moved funny like a duck
6. **horizon**– where the sky meets the earth

FYI...

As students are getting closer to third grade, we are finding some students are not as secure with their basic facts as they need to be. Please try to help your child practice their basic addition and subtraction facts at home, in the car, etc. They should not be counting on their fingers at this point. Addition and Subtractions facts 0-10 needs to be done mentally, as we are starting multiplication and division. Thanks for the help and support.
